LIFELINE SERVICE OFFERINGS, TERMS AND CONDITIONS

The Lifeline Service Program (Lifeline), sponsored by the Federal Communications Commission (FCC) is a program designed to maintain and preserve universal service by providing a reduction in the price of basic residential exchange service (voice) or broadband internet service to qualifying low-income customers. Qualifying individuals receive a monthly discount of up to **\$9.25** for each month they qualify.

Lifeline is restricted to low-income residential customers. To qualify for Lifeline service, a customer must certify and provide documentation as income eligible. For a consumer to be eligible under the income requirements, the consumer's household income as defined in §54.400(f) of the FCC Rules must be at or below 135% of the Federal Poverty Guidelines for a household of that size or be a recipient of benefits from any one of the following federal programs:

- Federal Public Housing Assistance (FPHA) or Section 8;
- Supplemental Nutrition Assistance Program (SNAP), formerly known as Food Stamps;
- Medicaid;
- Supplemental Security Income (SSI);
- Veterans Pension or Survivors Pension

Customers **must** notify their service provider within 30 days if they move or they are no longer eligible for Lifeline.

Federal rules prohibit eligible low-income consumers from receiving more than **one** Lifeline discount per household. An eligible consumer may receive a discount on either a wireline or wireless service, but not both. A consumer whose household currently is receiving more than one Lifeline service must select a single Lifeline provider and contact the other provider to de-enroll from their program.
